

ADD AN EXTRA DIMENSION TO DICTATION

STARTER KIT DIGITAL

9480

A highly effective combination that allies the convenience of the 9300 with Download with the advanced transcription abilities of the Executive Digital Transcription System 6277. This is a package that can fulfil all your dictation demands; the Pocket Memo® 9300 with Download allows automatic or manual transferral of voice data to your computer and helps organise your workload, thanks to the Workflow Management features on your PC.

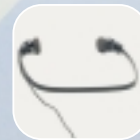

Included in the Digital Starter Kit 9480:

SmartMedia card
9008

Foot Control 210

Headset 234

2 x AAA Batteries
& Leather Pouch

Gameport Adapter

DIGITAL

Let's make things better.

PHILIPS

Key Benefits

- Workflow Management compatibility enables your PC to clearly display file/job labels, author information or job type (2 x 10 keywords available)
- Easy automatic download of information to your PC-USB
- 4-Position Switch for single-handed use
- Exchangeable SmartMedia card enables flexible working and makes information and data transfer simple
- Each 8mb SmartMedia card provides up to 112 minutes recording time, or approximately 35 pages of typed text
- At-a-glance view on your PC to number of files, priorities, special instructions, file names and position in file with Visual Workflow Display

Additional Benefits of Digital Starter Kit 9480

Pocket Memo® 9300 with Download

- Transport Lock avoids unintentional operation
- Ergonomic design for ease of use
- View at-a-glance the Real-Time Counter, which displays recording status and position
- View creation time/date per job, Operating Mode and Battery Status via the LC Display, to avoid losing data
- Insert, Delete or Overwrite dictation at any time
- Voice Activated Recording for hands-free dictation
- Fast access to any recording with the Skip Function
- Visual Indicator/LED shows Record/Play status
- End-of-Letter Index/Visual indicator denotes urgent documents
- Audible warning tone advises End-of-Memory and Low Battery, to avoid dictation loss
- CELP Compression Mode (11kHz sampling rate) creates smaller file sizes that can be transferred rapidly from one place to another
- Part-aluminium casing for extra durability

Executive Digital Transcription System 6277

- Workflow Management System enables priority documents to be transcribed in order of preference
- Pause transcription without missing a word with Auto Backspace Play
- Instant Go feature takes you automatically to the beginning or end of a document
